4.  LIAISON Advised Chuck Snodgrass, House Appropriations Committee staff, that a Reserve withdrawal was now being considered for the funding of the 1 November 1978 Presidential Finding and that as soon as the matter is decided within the Agency, the Committee will be sent a copy of the Reserve release letter which is our policy. I reminded him that the withdrawal would need OMB's approval also. Snodgrass reminded me that they want to be advised at the time of the release of the remaining balance in the Contingency Reserve.

I advised Snodgrass of the outcome of the Kampiles case.

6. [REDACTED] LIAISON Saw Pat Long, House Permanent Select Committee on Intelligence staff, who told me that House Permanent Select Committee on Intelligence Membership and staff are more than a little exercised over the Seymour Hirsh article in today's New York Times about David Sullivan. Pat Long also said that the Committee was upset to learn from the press rather than from us that there were 13 additional copies of the [REDACTED] missing. Mr. Long's basic point was that the Agency could probably do a lot better in keeping the Committee fully and currently informed.
